Upholstery

The chairs and footstool are supplied as standard in C-leather. C-leather is a full grain leather that is chrome tanned and aniline dyed. It has a light finish and will therefore develop a patina over time.

If you would like us to upholster using your own material (subject to suitability), the prices for the chair and footstool are reduced by 20%.

For Spinneybeck leather increase the price by 10%. For Baumann or Maharam fabric the prices are reduced by 10%.

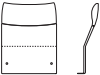

*The specific linear meterage assumes a fabric width of 130cm. The dimensions for customers' own leather assumes a square meterage of hide.

¹ for upholstery only, cushions are sold separately.

² supplied with joining plate, castor and foot to allow expansion.

Height Width Depth **£ inc** *ex VAT*
cm cm cm **Off-white or black shell**
